YOU CAN IMPACT LIVES

What does VS mean to you? The camaraderie is so important, and it has given me purpose in life again.

How has it helped you after getting out of the service? I was in a deep depression and I found VETSports. I found the sense of camaraderie I lost when I was in the Army. All in all VETSports saved my life. Without the great people in this organization, I can say I would not be here today.

What is the best part about VETSports? That everyone is treated like family, and they welcome you with open arms and will help you out. You make friends that in the group that will last a lifetime.

What do you hope to accomplish in 2017? My goals is to branch out and bring VETSports to more cities and do more charity games for the community.
